

Western Sugar Cooperative
(Grower Owned)

7555 E. Hampden Ave., Suite 600
Denver, Colorado 80231
Telephone: (303) 830-3939

GMO Statement

Currently, Western Sugar is processing genetically enhanced sugar beets to produce refined sugar and related sugar products.

Genetically modified DNA and/or proteins derived from genetically modified DNA are removed during the refining process and sugar tested has been shown to be PCR negative.

Western Sugar supports biotechnology as a means to keep our nation's agricultural industry strong, reliable, efficient, and friendlier to the environment.
